STELLA

THE LIGHT THAT INSPIRES US.

To improve people's lives through their interactions with light. That's the purpose that guided Stella's steps to becoming one of Brazil's main lighting brands. Since 2009, we have been working to transform the way people relate to environments, with signature solutions that combine design and technology to create new experiences with light.

To ensure excellent standards on every level, Stella owns laboratories in Brazil and abroad, where over 35 thousand measurements are performed per year. The company's main headquarters stand out in that regard, with a complete infrastructure and state of the art technology used to develop signature products that can pass the most rigorous test of all: our clients' approval.

GLOBAL EXPANSION.

Our products are available in Brazil and several other countries.

INTERNATIONAL ACCLAIM

Over 100 products recognized by the most prestigious international lighting and design awards.

S.GROUND

NATURE INSPIRES. LIGHTING REVEALS.

WITH OR WITHOUT ANTI-GLARE GRID
3W • 4W • 6,5W • 11,5W • 18,5W
COLOR TEMPERATURE: 3000K

H2OFF WARRANTY
FEATURES THAT GO
BEYOND THE SURFACE.

H2OFF is Stella's signature solution that combines the exclusive Block System and the Orbital Installation Casing to keep water away from S.GROUND series' products.

BLOCK SYSTEM
DOUBLE PROTECTION
AGAINST WATER'S
EFFECTS.

BLOCK SYSTEM

Composed by an Anti-Condensation Device and a High-Density Cable, the Block System offers an enhanced protection against moisture and prevents water infiltration from advancing through the cable to the electric circuit.

TECHNICAL
SPECIFICATION

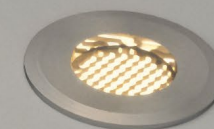

WAY

REDEFINING PATHWAYS.

Composed by compact path-lights with a recessed light source and grid, as well as horizontal light effects, the Way series provides maximum visual comfort in 100-240V and extra-low voltage (24V) versions. These signature products showcase benefits beyond the surface, like the exclusive Block Connector, that offers more protection against water's effects, and the Installation Casing, that features ample space to accommodate electrical connections.

WAY RING • 1W • 6lm • 360° • 3000K

WAY SIDE 1 BEAM • 1,5W • 2lm • 80° • 3000K

WAY SIDE 2 BEAMS • 1,5W • 4lm • 80°/80° • 3000K

REFLEX

SOPHISTICATION IN INDIRECT LIGHTING.

TECHNICAL
SPECIFICATION

A high luminous flux combined with indirect lighting defines Reflex, a wall-mounted light that offers greater visual comfort by reducing glare effects. An easy and practical fixation system is another exclusive feature of this product, that can be ideal for illuminating both internal and external spaces.

6W • 500lm • 110/110° • 2700K | 3000K

12W • 1100lm • 110/110° • 2700K | 3000K

20W • 1900lm • 110/110° • 2700K | 3000K

2 FINISHING OPTIONS: **WHITE AND BLACK**

WALL

SPECTACULAR LIGHTING FOR ALL VERTICAL SURFACES.

With new models and different dimensions, Wall series' versatility encompasses a myriad of possible applications, for both internal and external spaces. From more delicate compositions to the most complex projects, these integrated light source products stand out for their clear and striking light effects, with several beam angle combinations.

4 MODELS:

WALL MICRO • WALL MINI • WALL PLUS • WALL MAX

SEVERAL WIDE AND NARROW BEAM ANGLE COMBINATIONS

WALL PLUS

WALL MAX

ICE

LIGHT ALL AROUND.

TECHNICAL
SPECIFICATION

Available in square and rectangular models, Ice wall-mounted lights now offer new, longer and more delicate options. All this series' products are distinguished by their clean design and perfect light distribution throughout the whole body, providing a comfortable and homogeneous lighting.

ICE (SQUARE) • 7,5W • 740lm • 120° • 3000K | 4000K | 5000K
ICE (RECTANGULAR) • 5W • 540lm • 120° • 3000K | 4000K | 5000K

RISK

AN ICONIC THREAD OF LIGHT.

TECHNICAL
SPECIFICATION

With a striking 5° light effect, the Risk path-light can add a creative touch to projects or be a functional solution to indicate all kinds of pathways. A signature creation, developed to provide an extra layer of elegance to internal and external spaces.

3W • 5lm • 5° • 3000K
2 FINISHING OPTIONS: **WHITE AND BLACK**

LINE

MUCH MORE THAN A LINE OF LIGHT.

TECHNICAL
SPECIFICATION

The Line series is distinguished by its narrow and intense light beam, that provides a continuous and homogeneous, far-reaching light effect.

6W • 40lm • 4° • 3000K

2 FINISHING OPTIONS: **WHITE AND BLACK**
